FOREWORD

The **Directory of Licensed Fiber Stakeholders** is a compilation of all the business sectors of the Philippine fiber industry nationwide. This provides the updated information of all licensed and registered fiber traders, exporters, buying stations, processors in the country that can be accessed by interested clients both here and abroad.

As provided in Administrative Circular No. 12 series of 2020, Chapter II, Section 1, ***"Person or entity engaged in any of the following activities is required to register and secure a license from the Authority:"***

1. ***Grading and baling Philippine commercial fiber intended for domestic and export market;***
2. ***Buying and selling commercial fibers for domestic market;***
3. ***Buying approved bales for export;***
4. ***Buying fibers for their mother companies;***
5. ***Processing fibers with government prescribed standard;***
6. ***Classifying Philippine commercial fibers.***

Issuance of license to the above mentioned sectors ensure compliance by industry participants on the rules and regulations governing licensing, hence violations or non-compliance of such means cancellation/suspension of their licenses. This is to further strengthen that only credible and licensed stakeholders should be engaged in fiber trading business.

This directory is also posted at the PhilFIDA website at ***www.philfida.da.gov.ph.***

All the best, **Fiber Stakeholders**.

LEGAL MANDATE

The Philippine Fiber Industry Development Authority (PhilFIDA) was created on May 29, 2013, through the consolidation of the Fiber Industry Development Authority (FIDA) and the Cotton Development Administration (CODA) as part of the Rationalization Plan of the Department of Agriculture.

The PhilFIDA is mandated to promote the growth and development of the natural fiber industry through research and development; production support; extension support, education and training services; fiber utilization and processing technology; and standards implementation and trade regulation; except where the policy of the Department of Agriculture for the development of a specific fibercrop is being undertaken by another government agency. The development of the Coir Industry for example, is handled by the Philippine Coconut Authority (PCA), and only the regulatory aspect is under PhilFIDA.

VISION

A progressive community of fiber producers and entrepreneurs in an environment-friendly, economically viable and globally competitive Philippine natural fiber industry.

MISSION and OBJECTIVES

To enhance the holistic development of the Philippine natural fiber industry through the implementation of appropriate, quality and timely support programs, projects and activities, guided by the following objectives:

- Promote an integrated development of the fiber industry in various aspects of research, production, processing and regulation;
- Promote a good agricultural production practices, enforce fiber standards and other regulatory policies to maintain supply the good quality fibers and to ensure worldwide acceptability;
- Improve farm productivity, thereby, increasing farmers' income; and
- Increase domestic processing for employment and higher value-added considerations, and increased foreign exchange revenues.

QUALITY POLICY

Republic of the Philippines
Department of Agriculture

PHILIPPINE FIBER INDUSTRY DEVELOPMENT AUTHORITY

QUALITY POLICY

We are committed to deliver the highest quality service through improved fiber production and processing technologies, and strict enforcement of regulations to sustain the growth and development of the Philippine natural fiber industry.

We adhere to applicable legal requirements and established quality standards set for the satisfaction of our stakeholders.

We shall continually improve our processes, capabilities and resources to ensure delivery of quality service.

"Ang antas at kalidad ng bawat HIBLA ng paglilingkod ay patuloy naming iaangat at paghuhusayin."
