SUPPLEMENTAL BID BULLETIN
SBD-011-2025

To: All Interested/Accredited Suppliers;

Please be informed on the following clarifications, changes and/or addition in **Section VII. Technical Specifications** on the **“Invitation to Bid for the Fabrication, Supply and Delivery of Modified Abaca Stripping Knife (MASK)”** published in the PhilGEPS website under Reference No. 12217122:

1. Type of Stainless Steel for Blade:
 - The stainless steel material for the blade must be grade 316;
 - Blade thickness: $2.0\text{mm} \pm 0.1\text{mm}$.
2. Single Largest Completed Contract (SLCC):
 - The required SLCC must pertain to **Steel Fabrication**.
3. Type of Hardwood for Stripping Block:
 - Any of the following dried hardwood: Tanguili, Mabolo, Kakawati, Guava or other locally grown dried wood subject for approval by the PE prior to mass productions. A certification will be submitted by the prospective bidder showing that they are capable to supply the required hardwood.
4. Serial Number Requirement:
 - The serial number must be laser-engraved on the metal surface, and the letters and/or numbers must be clear and legible.
5. Additional Requirements:
 - The bidder must submit a certification indicating the list with location of steel fabrication shops presently owned, co-owned, co-operated, and/or lease by the bidder including its machines, tools and equipment to be used in the fabrication and delivery of the MASK;
 - Blade material testing: 3rd party testing of any authorized testing center, sampling 10% or 600 pcs.

Please be guided accordingly.
