DIRECTORY OF LICENSED FIBER STAKEHOLDERS

JANUARY - DECEMBER

**Fiber Grading and Baling Establishments (GBEs), Buying Stations (BS)
Trader - Exporters (TE), Processors (P) and Local Traders (LT)**

FOREWORD

The **Directory of Licensed Fiber Industry Stakeholders** is a compilation of all the business sectors of the Philippine fiber industry nationwide. This provides the updated information of all licensed and registered fiber traders, exporters, buying stations, processors/manufacturers in the country that can be accessed by interested clients both here and abroad.

As provided in FIDA Administrative Order No. 1, Chapter II, Section 1, ***“Any person engaged in any of the following activities is required to register and secure a license with the Authority:”***

- 1. Grading and baling whether for domestic or foreign consumption;***
- 2. Buying and selling commercial fibers for domestic and/or for foreign consumption;***
- 3. Buying for their mother companies;***
- 4. Processing/manufacturing fibers into semi-finished or finished fiber-based or finished fiber products whether for domestic or foreign consumption;***
- 5. Converting semi-finished or finished fiber products into other forms;***
- 6. Classifying commercial fibers at grading/baling establishments (GBE's), Class A Traders, or at processing or manufacturing plants.***

Issuance of license to the above mentioned sectors ensure compliance by industry participants on the rules and regulations governing licensing, hence violations or non-compliance of such means cancellation/suspension of their licenses. This is to further strengthen that only credible and licensed stakeholders should be engaged in fiber trading business.

This directory is also posted at the PhilFIDA website at ***www.philfida.da.gov.ph***.

All the best, **Fiber Stakeholders.**

LEGAL MANDATE

The Philippine Fiber Industry Development Authority (PhilFIDA) was created on May 29, 2013, through the consolidation of the Fiber Industry Development Authority (FIDA) and the Cotton Development Administration (CODA) as part of the Rationalization Plan of the Department of Agriculture.

The PhilFIDA is mandated to promote the growth and development of the natural fiber industry through research and development; production support; fiber processing and utilization; and standards implementation and trade regulation.

VISION

A progressive community of fiber producers and entrepreneurs in an environment-friendly, economically viable and globally competitive Philippine natural fiber industry.

MISSION

Enhance the holistic development of the nation's natural fiber industry through the implementation of appropriate, quality and timely support programs, projects and activities.

OBJECTIVES

- Promote the integrated development of the fiber industry in all the various aspects from research, production, processing and trade regulation;
- Sustain the growth and demand for fibers and fiber-based products both in the domestic and international markets;
- Enforce fiber standards and regulatory measures in order to maintain good quality fiber traded in both local and foreign markets;
- Improve farm productivity, thereby, increasing farmers' income; and
- Encourage increased domestic processing for employment and higher value added considerations, and increased foreign exchange revenues.
