PhilFIDA FOI Requests Summary for 2024

The Freedom of Information (FOI) Program represents the nation's initiative to allow Filipinos to request information about government transactions, operations, and research data. This initiative is being undertaken in the pursuit of transparency, full public disclosure, and policy development. As a National Government Agency (NGA), the Philippine Fiber Industry Development Authority (PhilFIDA) is obligated to comply with the implementation of the FOI program.

In 2024, PhilFIDA received a total of forty-three (43) FOI requests, all of which were successfully processed and completed. The details of these requests, including their status, requesting parties, purpose, and mode of submission, are summarized in Table 1 and further illustrated in Figures 1 to 4.

Table 1: FOI Requests Summary for 2024

| No. | Year | Quarter | Date Received | Tracking Code | Title of Request | Status of Request | Affiliation of Requesting Party | Date Finished | Purpose of Request | Request Type (eFOI/Standard) |
|-----|------|-----------|---------------|------------------------|--|-------------------|---------------------------------|---------------|---------------------|------------------------------|
| 1 | 2024 | Quarter 1 | 2024-01-17 | N/A | Data on production, exports & imports on silk, cocoon, piña & coir | Successful | Government | 2024-01-17 | Planning and Policy | Standard |

Note: Green -Efoi Requests , Blue-Standard Requests

Table 1 presents a summary of FOI requests received and processed in 2024. Out of 43 FOI requests, PhilFIDA achieved a 100% success rate, meaning all requests were duly acted upon and completed within the prescribed timeframe. This reflects the agency's commitment to efficiency and compliance with transparency laws. (See Figure 1: Status of Requests).

The majority of FOI requests came from the academe, accounting for 61% of the total requests. This was followed by government agencies (23%), private stakeholders (14%), and international institution (2%). The high percentage of academic-related requests highlights the importance of PhilFIDA's data in supporting research and educational initiatives. (See Figure 2: Affiliation of Requesting Parties).

The primary reasons for FOI requests were for Planning and Policy Development and Research Purposes. This indicates that PhilFIDA's data plays a significant role in shaping policy directions and informing research studies that contribute to the advancement of the natural fiber industry. (See Figure 3: Purpose of Requests).

The FOI requests were submitted through the following mode: Standard FOI and e-FOI (online FOI portal submission). These channels provide multiple avenues for the public to conveniently access information, aligning with PhilFIDA's commitment to accessibility and ease of information-sharing. (See Figure 4: Type of Request).

All eFOI requests have been accepted and processed diligently, with an average processing period of 3 working days. These inquiries are handled with a sense of urgency, in full compliance with the No Wrong Door Policy of the FOI Program.
